JAMES ANDREW HEWITT, P.E.
CITY ENGINEER

Special Notice

This letter contains important information about the construction project on your street. Please keep this letter for future reference.

Dear Resident,

Starting next week (10-23-2017) Karvo will begin preparing for the concrete curb installation. You will see a yellow string line installed which the curb machine will follow. This will be taken down in the evening to allow access to your drive. Please do not disturb these pieces of equipment. On Wednesday we will install the curb on the east side of the roadway from Hillsdale to Memorial Parkway. This process will continue on Thursday and Friday on the west side of the road from Memorial Parkway to Hillsdale. Once the curb is installed in front of your driveway, it will be approximately 2 weeks until the asphalt is placed and you can once again enter your driveway. Understand that all the above is weather dependent and minor changes may occur. We will try our best to keep you posted.

Please understand that you will be able to park in front of your house in the evening, and access the roadway from all areas (side streets and Memorial Parkway).

Please contact us if you have special needs so that we may accommodate you to the best of our ability.

The City representation on this project will be Richard Falkenstein, who is available to answer any questions and concerns you may have. He can be reached at 330-375-2355.

In case of an emergency, or problems before or after regular working hours (8 a.m. to 4:30 p.m.), please call John Chiarappa, Project Manager for the Karvo Companies, at 330-903-3257. You can also reach Karvo Companies at the number and email below.
