

Notification of Construction (September 18, 2023) Northside Interceptor Tunnel

Construction of the Northside Interceptor Tunnel will begin in October 2023. As a part of the Akron Waterways Renewed Program, the NSIT will protect public health and maintain water quality for the Cuyahoga River.

Construction Facts:

- Construction Start Date: October 2023
- Construction Times: Monday through Friday, 7:30 am to 5:00 pm
- Local residential traffic will be maintained throughout construction.
- The Chuckery Area of the Cascade Valley Metro Park is closed for construction and will remain closed through mid-2027.
- Please be aware that tree removal and site preparation will begin in the area west of the Diplomat House and River View Loch Apartments on the far north end of Howard Street. Please remain out of the area for your safety.

The City will make every effort to ensure safety, reduce construction noise, and maintain access for residents. For further information, please contact Dave Wright by email Dwright@akronohio.gov
